How to: Update a saved password for TTUnet VPN in Android 7 Nougat

Notice

No one at Texas Tech University or from anywhere else should ask for your password.

Solution

Go to Settings > Connections > More networks > VPN > Basic VPN, then disconnect from TTUnet VPN. Reconnect to the existing profile, and enter your updated eRaider credentials.

Details

NOTE: Android is highly customizable and may look different depending on your manufacturer. The steps below may vary for different devices.

1) Tap Settings.
2) Tap **Connections**.
3) Tap **More connection settings**.
4) Tap **VPN**.
5) Tap the **TTUnet VPN** profile.

**TIP:** If you do not see a matching profile, you will need to set up the TTUnet VPN on your device.

6) Type your eRaider username and new password, and then tap **Connect**.
OUTCOME

Your saved TTUnet VPN password is now updated.
