Error: 'Activity Learn (in application Learn) is not responding' in Blackboard Mobile app on Android

Error

You receive the following message on your Android phone when using the Blackboard Mobile Learn app:

Sorry!

Activity Learn (in application Learn) is not responding.

Symptoms

Unknown

Cause

Tap Wait and then try using the app again.

Also, avoid pressing 'Back' twice in rapid succession. If you need to tap 'Back' twice, tap it once, wait, and then tap again.
