How to: Connect to the eduroam wireless network in Windows 8 or 8.1

Solution

Click on the wireless network icon in the taskbar. Click on EduRoam > Connect. Type your full email address from your institution (e.g. jane.doe@someuniv.edu) and the accompanying password. Then, click OK.

Details

NOTE: The settings applied are specific to the Texas Tech University campus. If you are trying to connect to eduroam at another institution, you may have to contact the IT department of that institution for connection setting specifics.

1) Click on the wireless network icon in the taskbar.

2) Click on EduRoam.

3) Click Connect
4) Type in your home campus email address and password, and then click **Join**.

**OUTCOME**

Your Windows 8 or 8.1 computer is now connected to the eduroam wireless network.
