Notice

No one at Texas Tech University or from anywhere else should ask for your password.

Details

What you need before beginning

- An eRaider set-up code: If you do not have a set-up code, check your non-Texas Tech email account(s) for a message from erams@ttu.edu or from the Texas Tech staff member who manually authorized your account. (Try looking in your junk/spam folder if it is not in your inbox.)
- A phone number capable of receiving either SMS text messages or automated voice calls.

† TIP: If you could not locate a set-up code, it is possible that your account is already set up. Try following the forgot password process to try setting a new password. If that does not work, you may contact IT Help Central by telephone to obtain a set-up code.

Set up your account

1) Browse to https://eraider.ttu.edu and click Set-Up Account.
2) Type the requested information and click **Confirm**.
3) Review the "Terms of Use" statement. Click **Agree** if you agree to the terms.
