How to: Connect to TTUnet Wi-Fi using Android 6.0

Solution

Tap Settings > Wi-Fi > TTUnet. Then, ensure "Phase 2 authentication" is set to MSCHAPV2 and "Identity" is your eRaider username. Enter your eRaider password as the "Password," and tap Connect.

Details

💡 NOTE: Android is highly customized and may look different depending on your manufacturer. The steps below may vary for different devices.

1) Tap your Settings application to open it.

2) Under the Connections tab, tap Wi-Fi.
3) Ensure your Wi-Fi option is turned "On," then tap TTUnet.

4) Configure the following settings, then click Connect.

- **EAP method:** PEAP
- **Phase 2 authentication:** MSCHAPV2
- **Identity:** your_eRaider_username
- **Password:** your_eRaider_password
OUTCOME

Your device will be connected to the TTUnet wifi.
