How to: Update your saved Skype for Business password on iPhone or iPad

Notice

No one at Texas Tech University or from anywhere else should ask for your password.

Details

Following the instructions below will prevent a saved Skype for Business password in iOS or iPadOS from locking your TTU domain account after changing your eRaider password.

To reset a saved eRaider password in Skype for Business on an iPhone or iPad, simply sign out of Skype for Business on your device. After signing out, you will be able to sign into TTU Unified Communications using your current eRaider password.

OUTCOME

Your saved Skype for Business password has been updated on your device.
