How to: Remove saved passwords from Safari

Solution

In Safari, open Preferences > Passwords and type the password for the user account. Select any passwords, and click Remove.

Details

1) Click Safari in the menu bar, then click Preferences.

2) Click the Passwords tab. Type the password for the user account, and press return/Enter on the keyboard.
3) Select the password you want to remove, and click **Remove**.

**TIP:** You can use the search bar to narrow down the list.
### OUTCOME

You have removed a saved password.
