How to: Connect to TTUguest Wi-Fi on Android 8.0 Oreo

Solution

Settings > Network & Internet > Wi-Fi. Turn the Wi-Fi switch on and tap TTUguest. Enter the password provided to you and tap Connect.

Details

1) Open the Settings app.

2) Tap Network & Internet.
3) Tap Wi-Fi.

4) Tap the Wi-Fi switch to on and choose TTUguest.

5) In the Password field, type the Pre-Shared Key (PSK) that was provided by the TTU faculty or staff member. Then, tap Connect.
The computer will establish a connection to the TTUguest network. When it has done so, your Wi-Fi icon will indicate your signal strength. If no signal strength is present, repeat the previous steps. If repeating this process does not help, try relocating within the area.
