How to: Set up a new eRaider account

Notice

No one at Texas Tech University or from anywhere else should ask for your password.

Details

What you need before beginning

- An eRaider set-up code: If you do not have a set-up code, check your non-Texas Tech email account(s) for a message from erams@ttu.edu or from the Texas Tech staff member who manually authorized your account. (Try looking in your junk/spam folder if it is not in your inbox.)
- A phone number capable of receiving either SMS text messages or automated voice calls.

ёт TIP: If you could not locate a set-up code, it is possible that your account is already set up. Try following the "Forgot Password" process to try setting a new password. If that does not work, you may contact IT Help Central by telephone to obtain a set-up code.

Set up your account

1) Browse to https://eraider.ttu.edu and click Set-Up Account.
2) Type the requested information and click **Confirm**.
3) Review the "Terms of Use" statement. Click Agree if you agree to the terms.

eRaider Terms Of Use – First Time Activation

Use of Texas Tech Information resources is subject to Texas Tech Operating Policies and other applicable University policies. Usage may be subject to security testing and monitoring. Misuse is subject to criminal prosecution.

I understand:

- Use of Texas Tech computers and networks requires prior authorization and my use of these resources is subject to automated and/or manual security testing procedures. I understand that unauthorized use and abuse is subject to immediate termination of the account or service and University disciplinary action.
- I must not purposely engage in activity that may: harass, threaten or abuse others; degrade or deface resources; deprive an authorized user access to an information resource; obtain extra resources to circumvent computer security measures. I will not intentionally access, create, store, or transfer materials that are offensive, indecent or obscene.
- I must comply with all policies, standards, and procedures adopted to safeguard information resources as outlined in the appropriate Texas Tech University Security Policies found at [http://www.depts.ttuhsc.edu/OP52.04.pdf](http://www.depts.ttuhsc.edu/OP52.04.pdf), [Texas Tech University Health Sciences Center](http://www.ttuhsc.edu/HSC/OP/OP5601.pdf), and [Texas Tech University Health Sciences Center](http://www.ttuhsc.edu/HSC/OP/OP5601.pdf). Failure to comply with any of the conditions noted herein may result in immediate termination.
- Further, I understand that the university retains the right to pursue prosecution when misuse of information resources is suspected.
- Texas Tech uses electronic methods of communications (e.g., email sent to a ttu.edu or ttuhsc.edu student or employee-provided cell phone number, etc.) to keep in regular contact. This may include communications, general announcements, and special alerts. I understand these communications inferred from academic and administrative information, including but not limited to, financial aid and administrative notifications.

I agree to allow Texas Tech to contact me via electronic methods of communications, and affirm the use of electronic records for electronic transactions.

By clicking on "I Agree," I attest to my electronic signature and agree to the above Terms of Use.

4) If your account was manually authorized by a staff member rather than automatically authorized by Banner/eRaider processes, you may need to manually specify your biographical information. If prompted for this information, type it carefully and click Continue.
5) The eRaider setup screen will ask for contact information which will only be used to help you reset the password in the future or to alert you of account activity. Specify a contact phone number and an alternate email address, and then click **Continue**.

**NOTE:** You must specify a contact phone number in order to proceed. If you do not have a non-TTU phone number, check this list of other options.
6) The eRaider system will send verification codes to the contact sources that you specified in the previous step. Check the phone you specified and your alternate email account to locate the code(s) sent to you. Type the code(s) into the appropriate fields on the eRaider setup screen and click Continue.
7) Type a password of your choice which conforms to the requirements. Then, click Continue.

NOTE: You will not be presented with the password again, so type a password that you can remember.
Account setup is now complete. Wait up to 30 minutes for your account to be finalized. After waiting 30 minutes, you should be able to sign in and access eRaider-authenticated services.
eRaider Account Set-Up

Confirm Information

Congratulations! You have successfully completed the set-up process for your eRaider.

Please allow up to 30 minutes for these changes to take effect. You may print this page for your records.

NOTE: This page will automatically close after 2 minutes.

eRaider User Name: rared
