

How to: Update your iPhone or iPad to the latest version of iOS or iPadOS

Details

1) Open the **Settings** app.

2) Tap **General**.

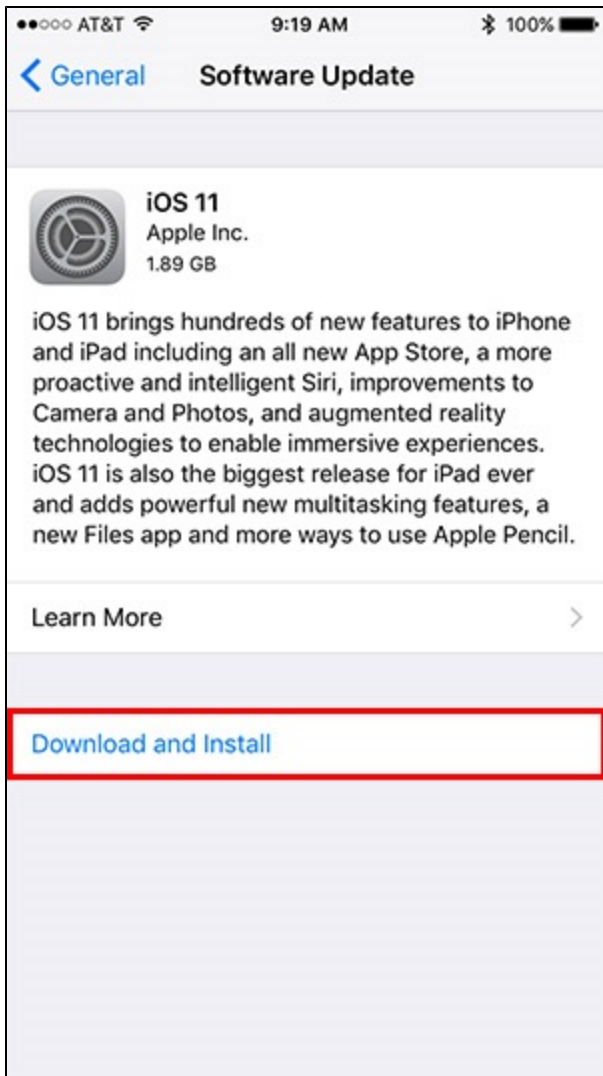

3) Tap **Software Update**.

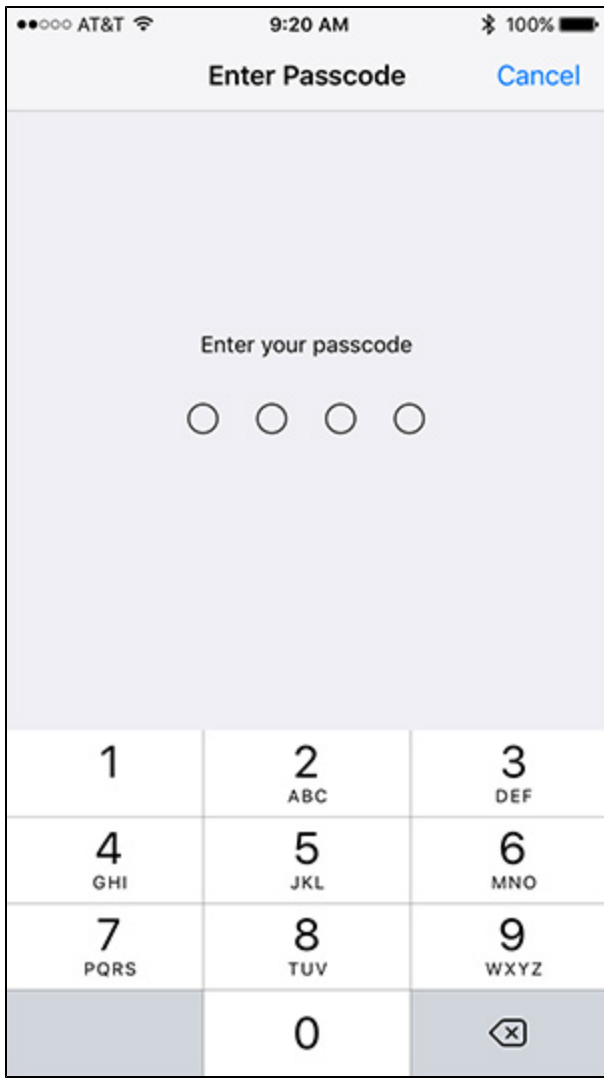

4) Tap **Download and Install**.

 **TIP:** If you get the message, "This update requires a Wi-Fi network connection to download," you will need to connect to a Wi-Fi network before proceeding.

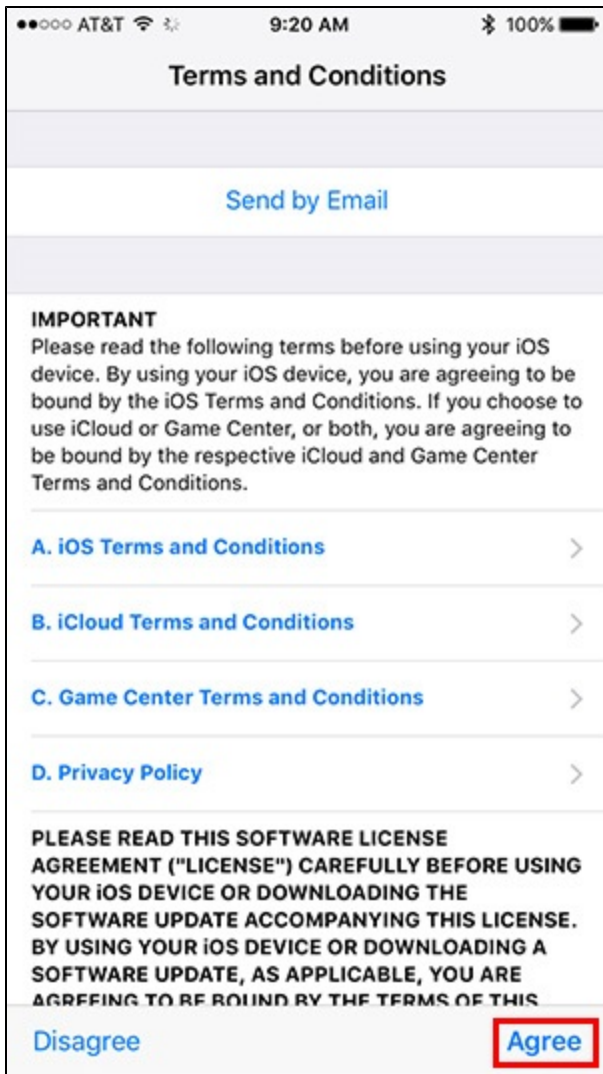

5) If prompted, type your passcode.

 **NOTE:** If you have chosen an alphanumeric passcode, you will need to type it in, and then tap **Done** in the upper right-hand corner.

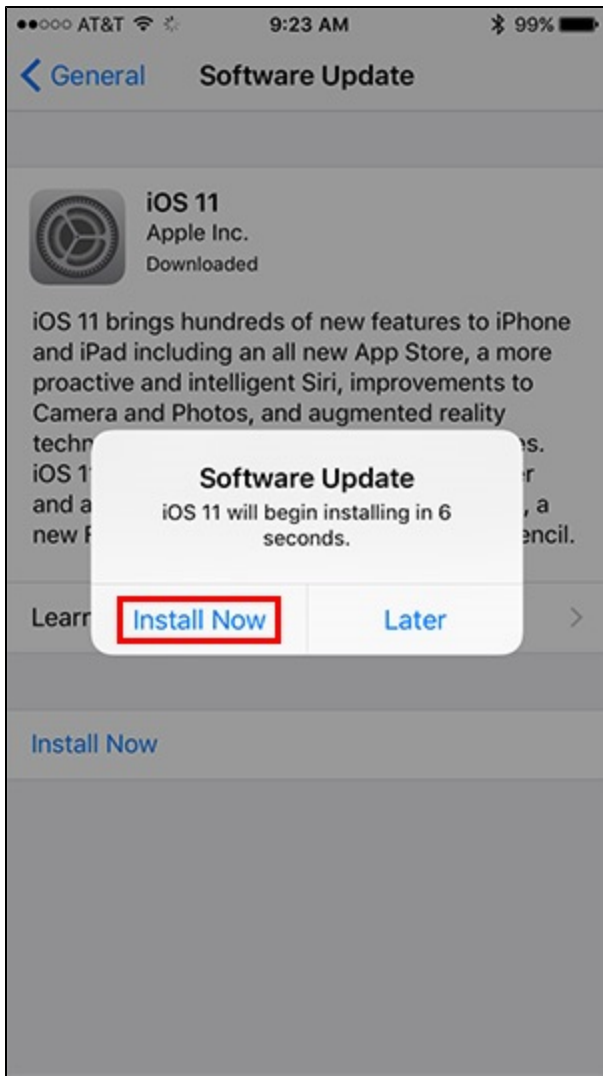

6) Review the terms and conditions. If you agree with them, tap **Agree**.

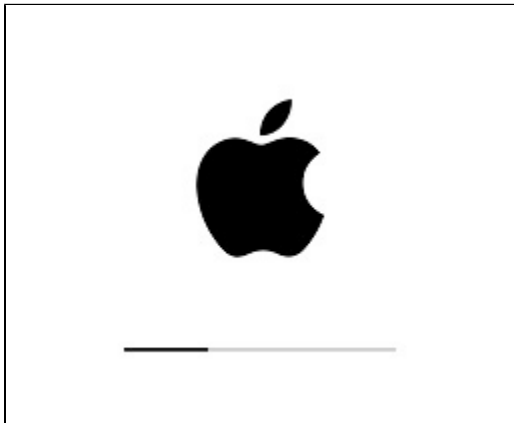

7) If you agree, tap **Agree** once again.

8) After the update is downloaded, tap **Install Now** to continue with the installation.

9) The update will then be verified. When the installation has begun, you will see a screen similar to the one below.

OUTCOME

Your device will be updated to the latest version of iOS or iPadOS.
