How to: Connect to TTUnet wireless network in Windows 10

Solution

Click the network icon, then click TTUnet > Connect and type in your eRaider credentials. Click OK.

Details

1) Click the wireless network icon in the bottom right-hand corner of your screen.

2) Click TTUnet.

3) Click Connect.

4) Sign in using your TechMail address and eRaider password.

OUTCOME

Your computer will now be connected to the TTUnet Wireless Network.
