How to: Connect to the eduroam wireless network on your Android device

Solution

In Settings, tap Wi-Fi, and then tap EduRoam. Type your full email address from your institution (e.g. jane.doe@someuniv.edu) and the accompanying password. Then, tap Connect.

Details

 Совет: The settings applied are specific to the Texas Tech University campus. If you are trying to connect to eduroam at another institution, you may have to contact the IT department of that institution for connection setting specifics.

1) Tap on the Settings app.

2) Tap Wi-Fi.
3) If Wi-Fi is not already on, slide the switch to enable it. Then, tap **EduRoam**.
4) Type your institutional email address into the "Identity" field, and type your associated password into the "Password" field. Then, tap Connect.

OUTCOME

Your Android device is now connected to the eduroam wireless network.
